Children To Be Treated To Christmas Party In SV

The 13th annual Christmas party for children of the Spring Valley area, sponsored by the Spring Valley Chamber of Commerce, will be Tuesday, Dec. 22, at 7 p.m. at the S. V. Elementary School. Mrs. Jean Eskridge, entertainment chairman for the Chamber, said the party will include a two hour show, featuring students of Jean's Dance School and presenting production numbers such as variety, Latin, ballet, Hawiian and a minstrel show.

Immediately following the show Santa Claus will make his appearance and will distribute goodies to all the children.

Mrs. Eskridge's group recently made three pre-Christmas appearances in the east county area for the enjoyment of organizations; Dec. 13 at the new Lemon Grove Moose Lodge, Dec. 16 at the Chula Vista American Legion, and Dec. 20 at the new Monte Vista Guest Home in Lemon Grove

COLLEGE DISTRICT FACES SUIT IN COMPLETION HASSLE

The opening of the Grossmont Junior College before the construction was complete is believed to be responsible for a hold-up of a notice of completion of the $7.7 million facility.

The contractor, Riha Construction Co., insisted that the job was near enough to completion to be given the notice so that funds may be distributed. A representative of the architects for the college recommended that several mechanical and electrical defects be repaired before the board certify the completion.

Harold Hughes, college district superintendent, said that some of the problems resulted from the college being opened to students before the buildings were completed.

The college, designed in part by faculty members was constructed in 9 months instead of the normal 18 month period usually required to build a junior college.

Hughes said that the contractor may sue the college district for work arising from conflicting interpretation of the building contract. Hughes said that such suits are frequent in the construction business.

The possibility of a lawsuit will postpone the starting of a million dollar community auditorium, Hughes said.

TRADITIONAL CHRISTMAS EDITION COMING

Next week is the week of our traditional Christmas issue.

For more than a decade this newspaper has been publishing the story of Christmas as an eyewitness account by those who were there 1964 years ago. The entire front page is devoted to the birth of the Christ child.

Each year many persons request extra copies so that the issue may be sent to friends and relatives. We attempt to publish enough to meet all requests but you can be assured extra copies only if you order in advance.

ONE FOR THE BOOK — Mrs. Sue Wells of Pacific Telephone in La Mesa displays the new South County 1965 Telephone Directory being delivered locally and throughout the county. Delivery is to be completed by Dec. 23. Any customer not receiving the book by Dec. 24 should call the local telephone business office and one will be delivered.
This year all customers will receive two telephone directories rather than one as in the past. Additional directories can be secured at no cost by calling the local Pacific Telephone business office.

Dail Collapses, 's Hospitalized

John Dail, a long-time Lemon Grove insuranceman and recently a candidate for state assembly, is in Grossmont Hospital after he collapsed at home at Midnight Sunday.

Hospital spokesmen said Dail's condition is critical. His illness is described as pneumonia. Dail underwent stomach surgery several years ago and appeared in good health last week when he presided at a regular meeting of the Lemon Grove Men's Club.

Aid was given Dail by the L. G. Fire Department resuscitator squad after which he was transported to Grossmont.

Dail lives at 3240 Olive st., Lemon Grove.

His brother, former San Diego Mayor Charles Dail, collapsed earlier this year after suffering a burst blood vessel in his brain. He is still recuperating.

'Too Late To Be Early' At Postoffice

"It's too late to mail early, so please mail now," Postmaster Faucher said today.

"The biggest mail explosion in history is upon us and we need the cooperation of everyone to make sure that the holiday mail is all delivered before Christmas," the Lemon Grove Postmaster said.

Faucher suggested the use of air mail and special delivery to guarantee pre-Christmas delivery, especially for out-of-town mail.

In all instances, the use of ZIP codes will be helpful. The codes generally mean that mail moves in a more direct route and is handled fewer times. Parcels with ZIPPED addresses may be delivered 24 hours or more before others going to the same destination which do not include the five digit code.

Faucher said that all postal operations will be on a holiday schedule Christmas Day. Only special delivery mail will be delivered on Dec. 25 and 26.

Mystery Movers Strike Second Time At SV Home

Mrs. Ethel D. Walke of 9362 Lamar st., Spring Valley, reported to sheriff's deputies that on two occassions she has returned home to find someone has moved her furniture from one side of the room to the other.

She said that when she returned home from work one day last week she found the furniture moved, lights turned on and a plant turned over with dirt spilled on the living room rug.

Lights Taken

Outdoor Christmas tree lights were reported missing recently from the homes of a Spring Valley and a Lemon Grove family.

David A. Kaufman of 841 Elkelton blvd., Spring Valley, reported to officers that 4 lights worth $1 were taken from a spruce tree in his front yard.

Charie Just of 2880 Cypress, Lemon Grove, said at least 15 outdoor lights were taken from a tree on her front lawn. She placed the loss at $5.

Malicious Mischief

Mrs. Carol French of 1616 Enfield, Spring Valley, reported to sheriff's officers that her home was pelted with several eggs last week. She said that the eggs damaged a front window screen and stained the paint on the house.

Mrs. French said eggs had also been thrown at the house on two occassions last month.

Officers were given the name of a 14-year-old suspect.

The same youth is also suspected of doing $200 damage in mid-November to a vacant house at 1611 Enfield. Damage to the house included broken panels in a sliding glass door and other broken windows.

The kitchen stove was also damaged and the living room rug had been pulled up from the floor.

More Eggs

A Lemon Grove woman, Alida Crafts of 8314 Golden ave. reported that eggs were thrown at her home last week.

Steaks Gone

Ronald Barton of 6910 Mt. Vernon, Lemon Grove, reported to sheriff's deupties that eight pounds of steaks were taken from a freezer in his garage.

He said a 50-foot extension cord was also missing. He gave officers the name of a suspect.

Shoplifter

Edwin Morgan, manager of the Mayfair Market in Lemon Grove, made a citizen's arrest of a 30-year-old San Diego woman last Thursday.

He accused her of stealing $16 worth of food, notions and clothing from the store.

Christmas To Be Happier For Angels Unaware

Christmas will be happier for those at Angels Unaware, the East County Chapter of the San Diego Association for Retarded Children. It will be happier because a share of the proceeds from a subscription campaign sponsored by this newspaper is offered to the center for purchasing playground equipment.

The center is operated for those children who are unable to attend regular schools.

Residents here have been contacted by phone by a solicitor from this newspaper. He explains that a share of the annual $3.50 subscription rate is given to Angels Unaware. Amounts range from 10c to $3.50. The larger amount is given when a two-year subscriber joins for the first time through Angels Unaware members so as to eliminate the salesman's commission.

Each week this publication has been publishing the names of those who say they want to take part in the campaign. After these people make the payment, the contribution is then given to Angels Unaware in the name of the subscriber.

More than anything else, explains an executive for the day center which is located at 1288 E. Lexington ave. in El Cajon, people are being told about the center. Response to our pleas have been very generous.

This week 29 new names are added to the list. These are:

Mrs. Lawrence F. Vlack, 3282 Kempf st., L. G.

The Christmas toy project at the Lemon Grove school was headed by Spanish taechers Mrs. Madilyn Bailey and Robert Masters.

Two-District Merger Favored By Trustees Of L.G. Schools

The Lemon Grove Elementary District School Board went on record Monday night favoring the two-district proposal for school unification.

The Lemon Grove District would be merged with the La Mesa-Spring Valley District under the proposal. The county Committee on School District Organization has tentatively approved a two-district set-up. The County Committee will meet again in mid-January to decide whether to accept the two-district proposal or the single district proposal favored by the high school district.

School District Superintendent Byron Netzley said that he didn't know if the County organization would stand firm or change its position at its final hearing in January.

The board established seven as the number of precincts it would have for an election April 20. At the election three positions will be open on the school board. The terms of Harry Buckner, Bert Cosby and A. J. Long expire in 1965. None has announced his candidacy for re-election.

The Board also heard Architect Clyde Hufbauer discuss two remodeling plans for Lemon Grove schools. A multi-purpose room for Golden Ave. school and a shower and locker room for L. G. Junior High are being considered. The cost of the project will range between $85,000 and $170,000, Netzley said.

H. C. Stubbs To Head Up Dimes Drive

Appointment of H. C. Stubbs of 6800 Mallard st.. Lemon Grove, as community campaign chairman for the March of Dimes here was announced by Thomas V. Prendergast Sr., San Diego County chairman for the fund drive.

"We feel fortunate to have a man of H. C. Stubbs' caliber on our March of Dimes team," Prendergast said. "His unflagging efforts and interest in the March of Dimes make him a natural for the job."

Funds collected during the drive, Prendergast said, will be used to finance research in the field of birth defects.

"Each year in the United States," Prendergast said, "more than 250,000 babies are born with serious birth defects. These researchers are working toward the day when the young mother can bear her child without the terrible fear of birth defects."

Stubbs said he will name his aides soon and get the drive under way.

Frank Gibson To Head County Supervisors

Frank Gibson, long-time member of the County Board of Supervisors, will serve as chairman of the board starting next month. It will be the fourth time he has served.

The five supervisors rotate the chairmanship, an honorary assignment, on an annual basis. Gibson succeeds Robert Dent.

Gibson represents the 1st Supervisorial district which includes the beach area including La Jolla and Clairemont.

A retired oil executive, he was appointed to the board to fill a vacancy in 1949 and was elected to his fifth term in the June primary this year. Although facing two opponents, he garnered more than 50 per cent of the primary vote and was not required to face the runoff.

Gibson, 69, has served on state and national supervisor's committees dealing with public health, welfare, retirement and law enforcement and is now chairman of the Hospital Committee of the County Supervisors Association of California.

He has concentrated on county problems involving hospitals, youth and the aged during his past service.

Supervisors' pay starting next year will be $12,500 a year. The present rate is $8,400 but members get extra pay for serving as directors of special districts. The special district's pay will cease when the new pay schedule becomes effective.

Seals Reach Half Of Goal In Campaign

The 58th Annual Christmas Seal Campaign — to raise money to fight tuberculosis and other respiratory diseases in San Diego county, has passed the half-way point, Kenneth G. Hanson, M. D., Lemon Grove area chairman, reported this week.

Thus far 38,200 contributors have given $87,168.

The Tuberculosis and Health Association of San Diego County is sponsoring the drive.

While the association does not fix a goal, its rehabilitation, medical research, health education, and case-finding programs for next year will require the support of a 150,000 budget, according to Hanson.

COLLEGE ROAD OVER ESTIMATE

SAN DIEGO (CNA) — The County Board of Supervisors Tuesday awarded the contract for improvement of the Grossmont College drive intersection with Fanita drive and for the installation of traffic signal lights.

The contract went to Ferry Brothers Construction company whose bid of $32,345 was the lowest of three.

Howard Taylor of the County Road Department said that the estimate for the job was $29,000. He said the county might have gotten a better price had it bid the road improvement and the lights separately but that that would have taken more time.

Chalk Up Your Cue, Sister

Meanwhile down at the pool hall, sister was chalking her cue ...

Such a statement couldn't be made of a respectable female family member a few years ago.

But today, chalking of the cues has taken on a new respectability and the old fashioned, smoke-filled pool hall will soon be as obsolete as the nickel hamburger.

So changed is the game's image, according to a report sent us by the Bank of America's Area Development Service, that in the new parlor it's no longer even called pool — now its pocket billiards. And the emphasis is upon trying to create a "living room" atmosphere which will attract women and the family trade.

Brightened by multi-colored interior decorating that extends to the pool — whoops, pocket billiards — tables themselves, the state's billiard boom began in Southern California in 1962 and last year it started to spread north.

The increase in the game's popularity is attributed to several things. Two movies, "The Hustler" and "The Music Man" gave the game added impetus. Loosening of legal restrictions against the game, and more leisure time, especially for women, also aided. Decorator styles and colors made the women billiard enthusiasts happier.

The fact that billiard rooms can be readily combined with another already existing recreation facility made it easier for mothers to become enthusiastic.

It is expected that billiard leagues, like bowling leagues, will be the backbone of the successful parlor.

Any way you look at it, we middle-agers have seen some mighty changeful times.

N. Calif. High School Gets Inauguration Bid

Mt. Miguel high school was officially notified this week by the chairman of the State Democratic Central Committee that Merced County's Don Palos high school had been chosen to march in the inauguration day parade in Washington, D. C. Jan. 20.

The announcement came from Roger Kent, the Democratic State chairman.

In a telegram to Mt. Miguel Principal Mel Grant, whose Matadors marching musical aggregation was a strong contender for the invitation, Kent announced that the Northern California school band had been chosen.

Had the Matadors made the trip, it would have cost about $43.000 to get the band there and back.

As soon as it was known that the Mt. Miguel band was a possible choice, offers to help finance the trip came from band parents, the faculty and interested citizens, Grant said.

Also having a chance to go were El Cajon and Hilltop high school bands. El Cajon declined the invitation to compete because of the $43,000 cost estimate.

Friday, the Grossmont high school board, polled by Superintendent Dr. Tom Warburton, unanimously turned down the school's request to be allowed to make the trip to Washington.

"The turn-down came as a great disappointment to the band and band parents," Grant said. "When the announcement was made at school, the silence was more than anything you could imagine."

Grant said that apparently the switch from the original choice of a Southern California band to one in the north was at least partly due to "political pressures."

Sue Anne Bushue, co-editor, said, "We hope the paper will unite the class and increase class spirit which heems to lack."

The paper will come out monthly and is devoted to news about seniors and their activities.

The paper also adds incentive for the seniors to buy their senior privilege cards, since the paper is free with a card and five cents without.

"Our main aim, said Neil Good, co-editor, "is to present news about seniors, for seniors, by seniors, accurately and fairly."

"We feel," said Good, "that the seniors' 'New Voice' will not compete with the established voice of the school. — El Trovador."

La Voz Nueva was published after Helix High printed a similar publication, the "Scotch", but Sue Anne said, "Ours is not a copy or extension of the Helix paper."

Social Security Question Box

By Guy Deeks

QUESTION: What was the change that the last session of Congress made in the social security law affecting disability benefits?

ANSWER: The amendment you are referring to did away with an earlier restriction on the retroactivity of applications for disability benefits. These restrictions had been in effect since June 30, 1962.

To understand the importance of this it is necessary to know the meaning of a "period of disability" under social security law. It is a period of time before a worker's 65th birthday during which he has been continuously disabled. On disability applications filed after June 30, 1962, this period could not start more than 18 months before the date of application until the change in the law that you are referring to.

This meant lower benefits for some people while others could not qualify at all. In the ten years before a period of disability there must be at least five years of work under social security. Many people who were disabled years ago, but waited until after June 30, 1962, to apply for a period of disability could not meet this requirement. Now they will have another chance.

Cummings Feted In Last Visit To Men's Club

Nearly fifty persons attended the Lemon Grove Men's Club luncheon Friday to say farewell to Jack Cummings, the group's last president. He was transferred to Santa Barbara.

Included in the attendance were U. S. Congressman Lionel Van Deerlin, and Cummings' boss, C. O. Phillips, area vice president of the Bank of America. Cummings was manager of the Lemon Grove branch of BoA.

While an occassional note of seriousness crept into the festivities, it was mostly fun — with his successor, Alex Woods, presenting him with a skateboard. "He's a hard man to keep up with," explained Woods.

The Men's Club awarded Cummings a plaque for "outstanding service."

Forrest Baxter, president of the Lemon Grove Chamber of Commerce, related Cummings' activity by which a residential lighting district was formed in Lemon Grove earlier this year. He was vice president of the Chamber at the time. Ken Conrad, president of the L. G. Kiwanis Club of which Cummings is a member, commended him for his service club service.

Cummings left this week to take up his new duties as manager at Santa Barbara.

The Men's Club meets each Friday at noon at Michael's. All males are invited to attend the no-host luncheon and weekly meeting.

Transmitter Gone

Flute is Loot

A flute was reported missing from the home of Danny Antell, 7905 Lincoln ave., Lemon Grove.

Antwell said the $50 flute was taken sometiime during the last month.

This is a good month to transplant Camellias and as many of them are in bloom, you can put the colors where you want them.

They should be planted in a bright location with some sheltered sunshine although early morning sun is fine. The very worst place is one that gets the hot afternoon sun in the summer, and shade during the rest of the day. Some can stand full sunlight and your nurseryman can advise the best varieties for your location.

Be sure to dig a hole at least half again as large as the ball of your plant and if your ground is hard, fill the hole with water and add a soil penetrant. When the water has soaked into the ground, plant your camellia and water it again with a vitamin-hormone solution. If there are too many buds on your camellia pull off all but 2 or 3 in each cluster.

Do not fertilize until the plant has finished blooming; then monthly applications of a liquid solution of fertilizer and chelated minerals for 3 or 4 months will get your plant off to another season of blooms.

property owners often suffer the phenomon of catching a tax boost in the rear while looking for a tax cut in the other direction.

This is not to say that those who are the catalysts for tax rates — the county board of supervisors — are not sensitive to the problem. The problem is how to raise more money without raising property taxes.

In San Diego, supervisors are studying a proposed increase in sales tax of one-half per cent. This tax would be for the exclusive use of county government. Cheif Administrative Officer T. M. Heggland has advised supervisors here that a similar sales tax increase would lift some of the pressure from homeowners by producing $6½ millions each year.

A limitation on the exemption for property taxes now enjoyed by those in luxury life-care homes for the aged is also being considered. Heggland said that "by reason of large entrance fees it must be assumed that those living in these (luxury) homes are capable of otherwise supporting themselves." He said that county welfare exemptions exceeded $21 million last year.

These measures would have to be passed by the legislature before they could be put into effect. Los Angeles County is sponsoring parallel legislation for most of the proposals listed here.

Some of the other money raising proposals together with the amount of money that could be raised are:

County cigarette tax	$650.000
Drop aviation fuel refund	99,000
Higher liquor license fees	145,000
More state subsidy for juvenile court wards in county institutions	110,000
More state aid for Special Schools	50,000
Drop $25 per month cost for juveniles in state correctional schools and care of mentally deficient persons	300,000
Increased state aid in foster home program	123,000
Increased public health subsidy	140,000
Increased court fees	
Municipal	213,000
Superior	218,000
Increased sheriff's and marshal's process fees	63,000
Increase marriage license fees to $5 (established at $2 in 1862)	27,000

More than $2 million would be transposed to San Diego county on the latter proposals. Coupled with the $6½ million the county sales tax would bring, it could alleviate slightly the pressure in property owners now carrying the bulk of a $109 million county annual budget.

However, let's not get too carried away by this tax transposition. The money will come from taxpayers. The added income will have to be generated and many of the people from whom this money will be generated are property owners.

The only way to ease the tax burden is to cut expenditures — and fire the bureaucrats whose bureaus would be surplus in the process.

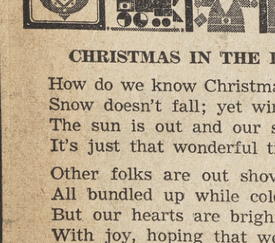
whats doing?



The history of telephoning is a history of change —from the first commercial shoebox-like phone of 1877 down to the pretty, little *Princess* phone of today. Telephone scientists are continually at work, developing and testing new ideas in phones of the future—like the one which lets you see the person you're talking to. Every change is for some reason to make your telephone serve you better.

On Christmas day, 33 years ago, telephone lines carried the first radio broadcast of a complete opera —"Hansel and Gretel." It was transmitted coast-to-coast from the Metropolitan Opera House in New York.

It's wise to have a list of emergency phone numbers on hand. But, if you don't and need help fast, just dial zero for Operator. She has all vital numbers and the training to meet emergencies. Just give her your name and number and as much information as you can. And, here's a tip for making a "0" call in the dark: The "0" is the first dial opening below the stop bar.

CHRISTMAS IN THE LA MESA EXCHANGE

How do we know Christmas is near?
Snow doesn't fall; yet winter is here.
The sun is out and our skies very clear,
It's just that wonderful time of year.

Other folks are out shoveling snow
All bundled up while cold winds blow.
But our hearts are bright and spirits glow
With joy, hoping that we may show
That we wish you all much Holiday Cheer
At Christmas — this sunny wonderful time of year!

Action On Local Issues Delayed By School Board

Due to a lot of discussion, reshuffling of the agenda and the lateness of the hour, the La Mesa-Spring Valley School District board of trustees Monday night delayed the passage of several important items pertaining to the Spring Valley area.

Delayed was the proposed transfer of 13 acres of land from the Chula Vista School District to the LM-SV School District The transfer had been proposed two years ago but had been turned down by the local district. The area is located north of Sweetwater Dam and is being developed by Sommers-Pouare developers. Plans are under way for the construction of 85 homes. Eleven of the homes are to remain in the Chula Vista area, The board Monday night decided to have the LM-SV School District administration come up with a plan to be presented at a future board meeting.

Also delayed was the approval of plans and authorization to go ahead with the construction of a new elementary school in the La Presa area of Spring Valley. Architect Clyde Hufbauer had made the plans, which the board had scanned Monday night. The cost of the new school has not been determined, but it was learned that the money will be available from a $5 million bond issue approved by voters in April.

There was much discussion and expressions of opinion regarding the splitting of the Grossmont district in two parts. One half of the district, as has been proposed, will be south of Highway 94, consisting of 196 square miles with 26,821 students, and the north half, taking in 221 square miles, would have 25,461 students. Each half would have four high schools. The discussion all boiled down to the fact that no concrete plan has been found that can be presented to the State, as the State has already turned down several plans.

A special meeting is scheduled for Thursday, Dec. 17, at 1:30 p.m. at the center. Several items of business not handled at Monday's meeting will be on the agenda, including the plans for the proposed school in South Spring Valley.

Numbers Changed For Information, Service

With the delivery of the new Telephone directory, which got under way on Dec. 14, the familiar Information code 113 changes to 411 and the 114 repair Service code becomes 611 for most telephone users in San Diego County.

The change will be made for two reasons. First, it's a step in ultimately making these services codes uniform for all customers throughout the United States. Second, it will permit the future introduction of innovations involving the use of the numeral "one." This

Expert Tells How To Keep Poinsettia

Outside-grown poinsettias can be used as cut flowers for indoor decorations during the holidays. However, for best results poinsettia cut flowers require special treatment according to Seward Besemer, University of California floriculture advisor.

Commercially, the flowers are cut in the field and rushed inside. Actively boiling water is maintained on a stove. The flower stems are recut, removing an inch or two, and immediately plunged into three inches of boiling water for 30 seconds. This time in the boiling water is not exceeded since the warm vapors may cause injury to the flower bracts.

After the boiling treatment the flower stems are placed in cool water to which 1 to 2 teaspoons of household bleach has been added per gallon of water. Keeping the flowers in a cool, well-ventilated, shady location indoors will give them extra life.

Although other stem treatments have been used, such as dipping in wood alcohol or burning with a flame, the hot water treatment seems to be most effective. The treatment stabilizes the latex sap in the stem so that the cut ends of the water conducting tissue are no plugged by the sap, says Besemer.

Lemon Grove Students Visit India Aboard University of Seven Seas

Miss Katherine Herbener, daughter of Mr. and Mrs. M. T Meyers, 1617 Skyline dr., Lemon Grove, and Mike Treinen son of Mr. and Mrs. Raymond Treinen, 1541 Koe st., Lemon Grove, arrived in Bombay, India early this week aboard the University of the Seven Seas. Bombay is the half-way-round-the-world point for the University afloat, which is visiting 19 ports in its 108-day voyage.

The M. S. Seven Seas left New York on Oct. 19 and will return to San Francisco on Feb. 3.

Besides classroom study, students learn from real life experiences — bull fighting in Barcelona; visits to Arab refugee camps in Beirut; public health expeditions in Naples and Athens. In addition, Seven Seas students have participated in exchange activities with students of the host countries.

Ports of call thus far have been Lisbon, Barcelona, Naples Athens, Beirut, Alexandria, Port Said and Suez. After Bombay the ship and students will continue round the world on the world's only floating university to Colombo, Ceylon; Kuala Lampur, Malaysia; Bangkok, Thailand; Manila, The Philippines; Hong Kong; Taipei, Formosa; Yokahama, Japan; and Honolulu.

Donovan Performs Teaching Stint

State Assemblyman Richard J. Donovan (77th District) lectured Morse High School social studies students Monday on the procedure for passing legislation in the Stae Capitol. Back in town briefly after two weeks of interim committee meetings and laying out his 1965 legislative program, Donovan kept up a fast pace of local activity in anticipation of his departure for Sacramento after the beginning of the year.

Donovan presented a slide program highlighting the points of interest encountered in a one-day trip to Sacramento and a visit to the Capitol building. He explained the workings of the branches of state government as the slides portrayed the governor's office, Legislative chambers, and the Supreme Court chambers. The vehicle for tour is a hypothetical legislative measure progressing through the two houses of California's Legislature, then to the governor's office and to the traditional addition of the Great Seal of California.
